Verse 1

There's a Santa on the corner and he's ringin' his bell
He's got a fake beard, but the kids can't tell
The decorations are up all over the town
And the carolers are makin' a sweet sound

Chorus

Everywhere I look
People smilin' at me
Every thing I see
Is covered up in lights
Every flake of snow
Falling down so perfectly
It only happens at Christmas time

Verse 2

I found the perfect gift for my Uncle Joe
And I kissed a cute girl underneath the mistletoe
The stockings are hung by the chimney with care
I can tell by how they look that there's presents in there

Chorus

Bridge

It's Christmas time
Can you feel it?
It's Christmas time
There's a magic in the air
It's Christmastime
Jesus came, yes I believe it
It's Christmas time
