Verse 1

Sally was a girl who everybody knew
Sharper then a tack on the end of a Ginsu
She graduated number one and had to give a speech
What would she say? What would she teach?
She knew about God and this was her chance
She could bust a move or be afraid to do the dance
She told the truth and everybody heard
She got brave 'cuz she understood

Chorus

If you wanna bear fruit
Then you've got to move
Get up and get groovin'
If you know the truth
Don't miss your chance
Get on your dancin' shoes
If you wanna bear fruit
Then you've gotta move, move, move

Verse 2

How many people every single day
Do we think about talkin' to
Then we walk away?
What will they think? Will they make fun?
Where will they go when their time on earth is done?
We gotta be the salt
We gotta be the light
We gotta get left or we gotta get right
Tryin' to be sensitive has got us in a mess
Put on your armor and take one in the chest

Chorus

Bridge

The gospel is the gospel
You don't need to sell it
It can change the hardest heart
But first you've got to tell it
We've got the truth, it's time to go
We've gotta stand up and let the whole world know

Chorus
