If I had a church this is what I'd do  
I'd put a pop machine in the back of every pew  
And we would only sing songs that were picked by me  
And we would get out just in time to watch football on tv

Chorus

At my church, whoa  
I'm talkin' 'bout my very own church  
At my church, whoa  
I'm singin' 'bout my very own church

Yes, if I had a church there's a lot I'd do  
I'd make sure everyone was nice and I would be nice too  
And the very best thing I'm happy to report  
Is everybody would love God,  
Yet the sermons would be short!

Chorus

With my bulletin the usher would give me some Taco Bell  
And perhaps a little something with a crunchy candy shell  
And when the sermons over and our time is at an end  
We'll be countin' down the minutes 'til we can once again attend...

Chorus
