Verse 1

Up, up and away
That's what I wanna say
When I fly away and I save the day
If you're a bad guy on the run
I'm gonna get you just for fun
Fear is something I don't know
I fight for justice wherever I go

Chorus

I'm a superhero
Flyin' around
No need to worry
You're safe and sound
Battling evil, fighting for good
I'm a superhero in your neighborhood
Is it a bird?
Is it a plane?
Who could it be?
Check it out it's me!

Verse 2

Battling crime, I'm in my prime
There when you need me every time
Undercover, in disguise
BOOM! Here I am – surprise!
It's okay, have no fear
Don't be afraid, help is here

Chorus

Bridge

If you're mean you better go away
My muscles are getting bigger every day
David was a kid and I am too
He got Goliath and I'm gonna get you

Chorus
