I was seven years old when my daddy said to me  
He said, "Son, you can be whatever you want to be"  
I knew right away what I had to do  
You see rock-n-roll called my name and that's the truth

### Bridge

I like to sing, I like to dance, and I like to jump around  
And I like to make you smile with that acappella sound

### Chorus

I praise the Lord with my hands  
I praise the Lord with my feet  
And the feeling that I get when we harmonize  
Well, I know it can't be beat

### vs. 2

I'm older now but my feelings are the same  
And I love the way I feel when I call upon His name  
Yeah, the music is rockin' and we're feelin' fine  
But Jesus is the reason that we're here tonight
