## Verse 1

You won't believe what I did today  
I ate twenty pizzas and starred in a play  
And when that was done I painted a painting  
And when it was gazed upon people were fainting  
Why they were fainting's a mystery to me  
But all this took place in the middle of the sea

You see I was cruising on my uncle's yacht  
How was the weather? Oh man, I forgot.  
But one thing I know that I won't forget  
Is I took great pride in feeding my pet  
My pet was a monkey and his name was Carl  
And he sang like Elvis and made his lip snarl

## Verse 2

It was an incredible site to be seen  
And all this took place by 11:15  
When lunchtime came by we had 30 burritos  
And then I made friends with some giant mosquitos  
They were so nice they now are my friends  
They gave me a gift - a mercedes benz

## Verse 3

Later that day after hours of singing  
Filling my head was a loud clanky ringing  
Ringing and Dinging and Clanging at me  
Tell me oh tell me oh what could it be?

And when I found out I just wanted to scream  
My awesome adventure was all just a dream  
Oh the humanity, Oh what a shock  
Excuse me while I turn off my alarm clock!
