

# **You Are Mine**

Jamison J. Statema

## Verse 1

Your busy day is at an end  
It's time to go asleep again  
Before your dreams take you away  
Hear me when I say

## Chorus

You are mine, I will never leave you  
I will see you through the night and be here in the morning  
Close your eyes and have a good time dreaming  
Knowing you will never be alone because you are mine

## Verse 2

Everyday I see you grow  
And as you do I hope you'll know  
That time brings change and that's okay  
Because one thing will remain

## Chorus

## Verse 3

It's time to sleep so close your eyes  
And let the stars shine from the sky  
From up above God is watching you  
And singing to you too, He's singin' . . .

## Chorus
